

Memorandum D11-4-27

Ottawa, May 7, 2020

Canada–Costa Rica Free Trade Agreement (CCRFTA): Costa Rica Free Zone Regime

In Brief

1. This memorandum has been updated to reflect the [Regulations Repealing the CCRFTA Non-entitlement to Preference Regulations](#) effective as of August 8, 2019.
2. Although repealed, the [CCRFTA Non-entitlement to Preference Regulations](#) remain applicable to all corresponding goods imported from Costa Rica and accounted for, on or before August 7, 2019. These regulations are in [Appendix C](#).
3. Please note that entitlement to the benefit of the General Preferential Tariff (GPT) was withdrawn January 1, 2015 in respect of all goods that originate in Costa Rica.

This memorandum contains the regulations and information for determining whether [Canada-Costa Rica Free Trade Agreement](#) (CCRFTA) originating goods imported from Costa Rica and accounted for, on or before August 7, 2019 have received the benefits of the Costa Rica Free Zone Regime, and whether such goods are entitled to the Costa Rica preferential tariff treatment.

Guidelines and General Information

Definitions

1. In this memorandum, any reference that is made to:

“Costa Rica Free Zone regime” is a system that has the effect of subsidizing companies on the condition of export of their goods.

“geographic area” means any area within Costa Rica where companies are provided with the benefits of the Costa Rica Free Zone regime including income tax exemptions and subsidies.

General

2. Effective August 8, 2019, the [CCRFTA Non-entitlement to Preference Regulations](#) (as reproduced in [Appendix C](#)) is repealed by the [Regulations Repealing the CCRFTA Non-entitlement to Preference Regulations](#). Accordingly, goods previously deemed non-qualifying under the *CCRFTA Non-entitlement to Preference Regulations* may now be deemed as qualifying under the CCRFTA, as the companies listed in [Appendix A](#) of this memorandum, no longer receive the benefits of the Costa Rica Free Zone regime.

3. The [CCRFTA Non-entitlement to Preference Regulations](#) nevertheless remain applicable to any [Canada-Costa Rica Free Trade Agreement](#) (CCRFTA) originating good imported from Costa Rica cited in [Appendix B](#) of this memorandum that has undergone operations in a geographic area listed in [Appendix A](#) of this memorandum, and accounted for, on or before August 7, 2019.

Goods accounted for on or before August 7, 2019

4. The [CCRFTA Non-entitlement to Preference Regulations](#) establishes that listed goods, which although originating in accordance with the [CCRFTA Rules of Origin Regulations](#), are deemed not to originate and are, therefore, not entitled to the Costa Rica Tariff (CRT) rate of customs duty if they have undergone operations in a specified Costa Rica Free Zone.

5. [Appendix A](#), List of geographic areas – Companies, sets out the geographic areas (i.e. a list of companies) that prior to August 8, 2019, received the benefits of the Costa Rica Free Zone regime and, thus, are not entitled to the CRT.

6. Where CCRFTA originating goods are classified under any of the tariff item numbers set out in [Appendix B](#), and the goods have undergone operations in a geographic area as listed in [Appendix A](#), such goods are not entitled to the CRT. In these instances, the Most-Favoured Nation (MFN) rate is applied.

7. Where originating goods cited in [Appendix B](#) have not undergone operations in a geographic area listed in [Appendix A](#), such goods may be entitled to the CRT only if the goods originate in accordance with the [CCRFTA Rules of Origin Regulations](#). Further information concerning the rules of origin can be found in [Memorandum D11-5-3, Canada–Costa Rica Free Trade Agreement \(CCRFTA\) – Rules of Origin](#). Importers must be in possession of a valid [CCRFTA Certificate of Origin \(form B246\)](#) when claiming the CRT.

8. Importers who possess a Certificate of Origin must ensure that the goods they have imported have not undergone operations in a geographic area listed in [Appendix A](#). The Certificate of Origin contains fields where exporters and/or producers in Costa Rica must indicate whether they have benefited from the Costa Rica Free Zone regime. Further information concerning the Certificate of Origin can be found in [Memorandum D11-4-2, Proof of Origin of Imported Goods](#), and [Memorandum D11-4-14, Certification of Origin under Free Trade Agreements](#).

9. Importers are encouraged to consult [Appendix A](#) and [Appendix B](#) in conjunction with the Certificate of Origin to ensure that their imported goods meet the [CCRFTA Rules of Origin Regulations](#) and are entitled to the CRT.

10. The date of accounting of the goods on Form [B3-3, Canada Customs Coding Form](#), will be the date considered when determining the entitlement of the CRT for companies cited in [Appendix A](#) and the goods listed in [Appendix B](#).

Goods accounted for on or after August 8, 2019

11. Goods exported from Costa Rica and accounted for on or after August 8, 2019 may be entitled to the CRT only if the goods originate in accordance with the [CCRFTA Rules of Origin Regulations](#). Further information concerning the rules of origin can be found in [Memorandum D11-5-3, Canada–Costa Rica Free Trade Agreement \(CCRFTA\) – Rules of Origin](#).

12. Importers must be in possession of a valid [CCRFTA Certificate of Origin \(form B246\)](#) when claiming the CRT. Further information concerning the Certificate of Origin can be found in [Memorandum D11-4-2, Proof of Origin of Imported Goods](#), and [Memorandum D11-4-14, Certification of Origin under Free Trade Agreements](#).
